

to the public if the committee determines by record vote in open session of a majority of the members of the committee present that the matters to be discussed or the testimony to be taken at such portion or portions—

(b) will relate solely to matters of the committee staff personnel or internal staff management or procedure;

(e) will disclose information relating to the trade secrets or financial or commercial information pertaining specifically to a given person if—

(i) an act of Congress requires the information to be kept confidential by Government officers and employees; or

(ii) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person.

The previous sentence shall not apply in the case of a hearing at which the committee intends to call an official of the Federal government as the sole witness.

(3) A witness appearing before the committee shall file a written statement of proposed testimony at least 1 day prior to appearance, unless the requirement is waived by the chair and the ranking member, following their determination that there is good cause for the failure of compliance.

#### V. COMMITTEE REPORTS

(1) When the committee has ordered a measure or recommendation reported, following final action, the report thereon shall be filed in the Senate at the earliest practicable time.

(2) A member of the committee, who gives notice of an intention to file supplemental, minority, or additional views at the time of final committee approval of a measure or matter, shall be entitled to not less than 3 calendar days in which to file such views, in writing, with the chief clerk of the committee. Such views shall then be included in the committee report and printed in the same volume, as a part thereof, and their inclusions shall be noted on the cover of the report.

In the absence of timely notice, the committee report may be filed and printed immediately without such views.

(c) Copies of other relevant documents and responses to questions as the committee may so request, such as responses to questions concerning the policies and programs the nominee intends to pursue upon taking office.

(3) Report on the Nominee. After a review of all information pertinent to the nomination, a confidential report on the nominee may be prepared by the committee staff for the chair, the ranking member and, upon request, for any other member of the committee. 75TH ANNIVERSARY OF THE  
EXPORT IMPORT BANK

Mr. DODD. Mr. President, I rise today to mark the 75th anniversary of the Export-Import Bank of the United States, this country's official export credit agency. Its mandate is to create and support jobs here in the United States by financing U.S. exports that might otherwise be lost because private sector financing is unavailable or to meet the competition of foreign governments' export credit agencies that are supporting their exporters to secure the deal. Obviously, the work of Ex-Im Bank is especially relevant in difficult economic times such as we are currently experiencing, because U.S. exports equal U.S. jobs.

The Export-Import Bank falls under the jurisdiction of the Senate Banking,

Housing, and Urban Affairs Committee, and I am aware of the many positive effects it has had for U.S. manufacturers. In the past 5 years, it has helped at least 75 companies in 43 communities in Connecticut finance over \$700 million in exports. These export sales create and sustain high-paying manufacturing and other jobs related to exports.

Ex-Im Bank is also accustomed to stepping in when times are hard. It was founded on February 12, 1934, in order to help facilitate exports during the Great Depression. Since then, it has supported over \$400 billion in U.S. exports that would not have gone forward without it—exports that support U.S. jobs.

Just after World War II, Ex-Im Bank became a precursor of the Marshall Plan, authorizing over \$2 billion for the reconstruction of Europe. In more recent times, Ex-Im Bank has stepped in to assist U.S. exporters during the Mexican debt crisis of the 1980s and the Asian debt crisis of the 1990s.

Don't confuse this with foreign aid. Ex-Im Bank charges for its services and is self-financing, and is therefore not a drain on U.S. taxpayers. Ex-Im Bank makes credit judgments on the basis of reasonable assurance of repayment, and has a historical default rate under 2 percent. Over 80 percent of Ex-Im Bank's transactions directly benefit small businesses, which are the most effective generators of jobs in our economy.

Over the past 75 years, Ex-Im Bank has responded in difficult times to the problems of U.S. exporters. In this time of economic hardship, we need government institutions like the Ex-Im Bank to provide strong leadership in responding effectively and efficiently to the challenges facing U.S. exporters, large and small.

I am happy to join with leaders from across the political spectrum in wishing the Export-Import Bank of the United States well on its 75th anniversary.

IDAHOANS SPEAK OUT ON HIGH  
ENERGY PRICES

Mr. CRAPO. Mr. President, in mid-June, I asked Idahoans to share with me how high energy prices are affecting their lives, and they responded by the hundreds. The stories, numbering well over 1,200, are heartbreaking and touching. While energy prices have dropped in recent weeks, the concerns expressed remain very relevant. To respect the efforts of those who took the opportunity to share their thoughts, I am submitting every e-mail sent to me through an address set up specifically for this purpose to the CONGRESSIONAL RECORD. This is not an issue that will be easily resolved, but it is one that deserves immediate and serious attention, and Idahoans deserve to be heard. Their stories not only detail their struggles to meet everyday expenses, but also have suggestions and rec-

ommendations as to what Congress can do now to tackle this problem and find solutions that last beyond today. I ask unanimous consent to have today's letters printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

Thank you for asking for the opinions from residents of the great state of Idaho. Clearly only one answer for this . . . do something now! We all know that it will take a couple of years to implement; however, we must remember this is for the long term. I believe that nuclear and hydroelectric is the way of the future, and the cleanest approach.

My husband and I are long-haul truckers, and pay over \$1,400 per day to fuel. Yes, there are other countries that pay more, but we have not prepared ourselves for "mass transit" in the United States, and we are also, in my opinion, very spoiled with our cars.

Most Americans do not stop to realize what impact all of this madness will have on them. It is not just "fuel costs" at the gas pump; it is the big picture of the fuel costs. I have seen all the corn fields in Iowa and Midwest that have been bought out by foreigners. Our country is literally vanishing before our eyes, and "fuel" does not even touch the surface of our internal problems.

Let us stop selling off America and do for ourselves, quick. We could be a self-sufficient country, and get back some of our power that we have so easily sold off.

Thank you for your considerations.

DIANNE, Boise Valley.

We are in our early 70s retired and on a fixed income. We now plan every trip to town (16 Miles one way) to do senior things and shop. Our costs are going up on every area: food, medications (Plan D ran out this month June; paying 100 percent now for the rest of the year). We have had to pull money out of savings every year since retirement. Gas and diesel is a joke and you people in Washington, DC are out of touch with reality. Open up our reserve and kill the profit takers. Open up by Federal Law our Drilling and harvesting our own oil products while working on other alternative fuel sources. We citizens know what is happening; why do not you? Stop being lawyers and start being citizens and do what is right for the USA.

The environmentalists are OK along with the civil liberty union folks but once in a while you have to make decisions they are not going to be happy about for the good of the country. You should all now know corn to fuel is not the answer.—We need to build refineries back here in our own country along with our manufacturing jobs. Do something right and open up our own reserves and give us citizens a chance to enjoy our retirement after 60 years of work. Thank you for reading my letter.

MARVIN and GLORIA, New Meadows.

Please do not support off-shore drilling and exploration for additional domestic oil. Sure, Idaho is a big state and we have to drive from here to there, but finding us more domestic oil is not the solution. Even if we starting domestic oil exploration today, I understand we would not be producing that oil for many more years, and that would not solve our immediate self-induced crisis today.

Conservation is not a "personal virtue"—conservation is key to reducing our oil consumption, and Idahoans have a long history of conserving when it is necessary. Unfortunately, we got lulled into a false sense of security and prosperity by cheap oil prices for many years, and thought we could drive our
